

INTERACTIVE PROGRAMS AT THE RIVERBANK DISCOVERY CENTRE

Brought to you by Brandon Riverbank Inc.

WACKY WETLANDS ALL AGES

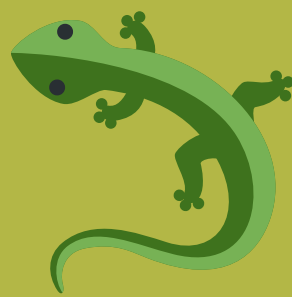

Learn all about one of our most valuable resources—WATER! Discuss water properties, pollution and protection. Also learn the mysteries of our wacky weather.

BIRDING 101 ALL AGES

Learn about the birds of the area. What they eat, how they nest and observe them in flight.

REPTILES & AMPHIBIANS ALL AGES

Snakes, lizards, frogs...sound creepy? Find out more about these animals and you will be sure to leave appreciating them!

WETLAND BINGO ALL AGES

Open your eyes and ears to the wonders of nature while you search for plants & animals on your bingo sheet.

ECO-GAMES KINDERGARTEN - GRADE 6

A collection of games designed to further our understanding of a wetland ecosystem.

LIFE OF A HONEY BEE ALL AGES

Learn about the life cycle of honey bees and how important they are as pollinators.

PLANT ECOLOGY ALL AGES

Plants are fun! Learn all about plant parts, how seeds travel and some of their many neat adaptations and facts!

BEAVER TALES ALL AGES

Webbed feet, big teeth, flat tail! Learn the adaptations that allow beavers to survive the Manitoba climate.

For more information about our programs or to register your group, please contact our program coordinator at 204-729-2141 or email programs@riverbank.mb.ca. The cost for two programs (1 hour each) is \$3.25/child. There is no cost to teachers, chaperones or parents.

www.riverbank.mb.ca

Minimum of 6 participants required for programs, and a maximum of 25 participants
